Add "For CLEP Membership"
to the memo line of your check.

An Organization Serving the Professional Needs of the Logistics Engineering Community

Our Goal:

To bring logistics engineers together for the purpose of discussing, learning and coordinating activities of the technical, scientific and practical aspects of logistics engineering.

Our Mission:

To mentor, educate, share knowledge and ideas, and advance the profession of logistics engineering with its members and throughout the logistics community.

Member Benefits

- **Participate** in an organization devoted to the advancement of logistics engineering disciplines.
- **Access** to the finest professional minds in the logistics engineering profession.
- **Contribute** to CLEP conferences and meetings, both local and national.
- **Obtain** job related education and training opportunities.
- **Receive** the monthly CLEP Newsletter via email and on-line
- **Access** to a "Members Only" web site providing an online network to all members.
- **Join** or form a local interest group in your area to access networking resources close to home.
- **Exposure** to the latest concepts, ideas, processes and techniques for logistics engineering covering the full spectrum of supportability disciplines.

Why Should You Become a Member of CLEP?

- **You** can provide direction for CLEP as a member of the logistics engineering community. Be heard and be recognized.
- **You** increase your value to your employer or client by expanding your skills.
- **You** enhance your network of professional colleagues.
- **You** support Logistics Engineering by advancing the practice and knowledge in this profession.
- **You** demonstrate your expertise to your employer or client through a certification program.
